

# CHITO

*Marce de las Muelas*

By Alejandro Izquierdo

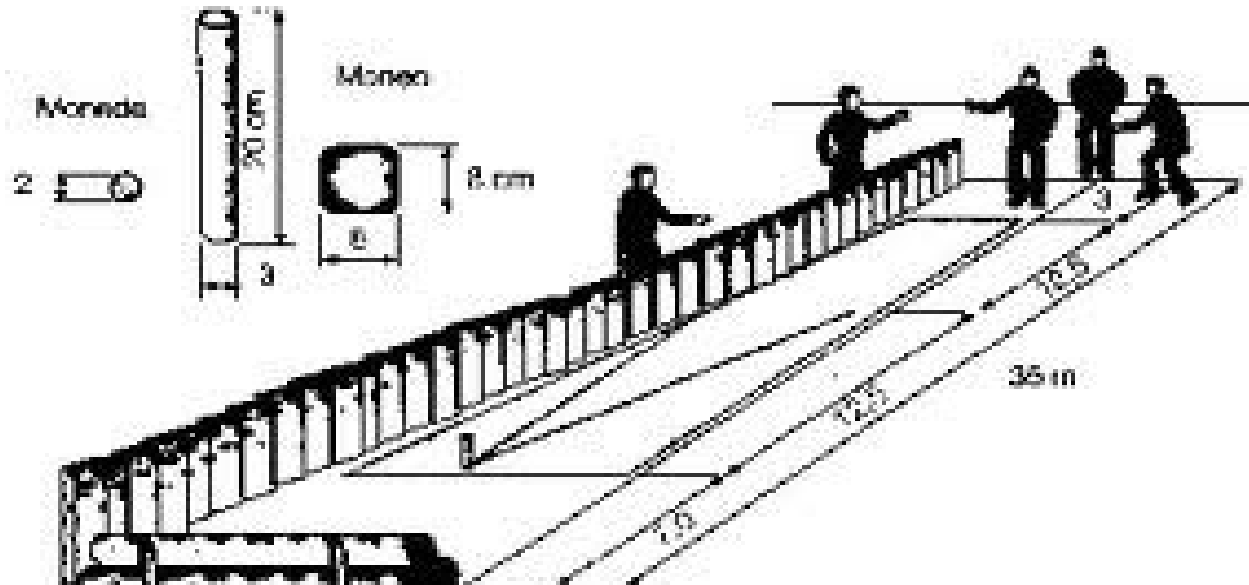

•Chito, is a game known and played throughout Spain, but has many variations from one area to another. It is played differently in each region.

•We will talk about Segovia`s chito.

# CHITO

It is a popular game that involves throwing a metal disc with a cylinder at a distance of 22 meters. A coin is placed on top of the chito.

# Equipment

In this game we use four items:

- An 8-cm-long wooden cylinder (caliche) which is 4 cm wide at the base.

- A 'yew' iron circle of 10 cm in diameter which weighs about half a kilo.

- Three coins to be placed on top of the 'caliche'.

- A tape measure to measure distances.
